one official memorandum

From

Office of the Food Controller and t...
Director of Civil Supplies in Mysore,
Camp Mysore
Bangalore City, Dated 13th June 191

K. MATTHAN, Esq., B. A.,
Food Controller and Director of Civil Supplies in Mysore.

C. S. Balasundaram Iyer Esq., B.A.,
Chief Secretary to Government,
Camp Mysore.

Sir,

I have the honour to state that the 5000 tons of Burma rice of the May allotment (4700 tons whole rice and 300 tons broken) were expected to arrive at Madras on the 12th instant. I submit for the information and approval of Government a memo showing the distribution of the rice.

The Deputy Commissioners of Mysore and Hassan have stated that they do not want any Burma rice at present. In the case of some of the other districts also the allotments are more than the quantities ordered for. There is reason to believe that the supplies of local rice now available will soon be running short. I am therefore advising all Deputy Commissione to keep some reserve stocks.

Out of the 4700 tons of whole rice 1000 tons are priced at Rs.19/-, 1200 tons at Rs.18-6-0 and the balance of 2500 tons at Rs.18-2-0 per bag of 225 lbs. delivered in godowns in the Bangalore City. I propose that the whole quantity and the cost may be pooled. We thus get an average price of Rs.18-3-0 per bag of 225 lbs. or 90 seers. Taking 6 annas as the price of an empty gunny bag, it will be just possible to sell the

rice at 5 seers a rupee in Bangalore: for other places the cost of transport will have to be added.

I have the honour to be,

Sir,

Your most obedient servant,

od Controller & Director of Civil Supplies in Mysore.

Office of the Food Controller & Director of Civ

han, Esq., B.A.,
d Controller & Director
of Civil Supplies in Mysore.

3324 S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

With reference to your letter No. G.28182 of the 19th instant, I have the honour to state that by fixing the price of rice at 5 seers a rupee in Bangalore, the price in other places will be from $4\frac{1}{4}$ to $4\frac{3}{4}$ seers a rupee. Every increase in the price of imported rice tends to put up the price of the local rice. It is only the May allotment in which the price went up very high. In the June allotment the price is only Rs.17 per bag of 225 lbs. ex godown, Bangalore, against an average of Rs.18-6-0 per bag of 225 lbs. for the May allotment. If we take the May allotment and the June allotment together the average price for all the rice will be only about Rs.17-13-0 per bag of 225 lbs. (or 90 seers).

2. As it is desirable to avoid frequent changes in the price of the imported Burma rice, I beg to propose in modification of the arrangements already recommended by me and sanctioned by Government that the whole quantity of the May and June allotments may be sold at an average price of Rs.17-13-0 per bag of 225 lbs. This will enable me to supply the rice not only at Bangalore, but also at Mysore and Shimoga and all other stations on the railway (except Davangere and

and Harihar) at 5 seers a rupee and in all other places at $4\frac{1}{2}$ to $4\frac{3}{4}$ seers according to the distance from the Railway station. I request that sanction may be kindly accorded to this modified proposal.

3. As the rice is now in course of being received, the favour of very early orders is solicited.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore.
